NEO

User Guide

All the information you need, at your fingertips.

As part of our continuous improvement values and our quest for a more sustainable future, we've limited the number of pages in this document in a bid to reduce our paper footprint.

Having taken this approach, we have however produced a dedicated online resource with information to assist you with using your NEO controller. This can be accessed via Near Field Communication (NFC) or by scanning the QR code with your smart device.

To access the User Guide via NFC:

- A** Enable NFC on your smart device via your settings.
- B** While on the Home screen of the controller, place your device above the power button.
- C** Your device will open an internet browser displaying the user guide webpage.

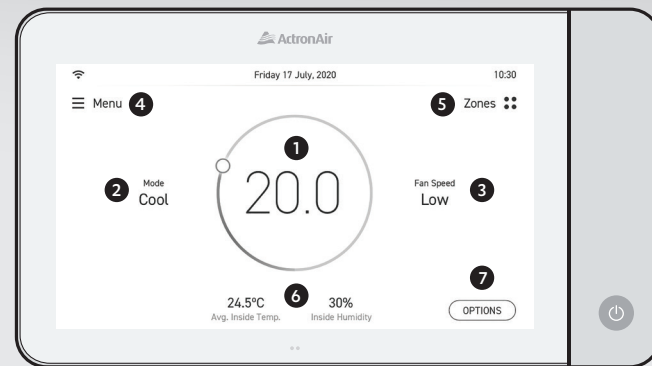

To access the User Guide via QR code:

Simply scan the QR code with your smart device or visit: neo.actronair.com.au/user-guide

Say hello to NEO.

- 1** Temperature dial
- 2** Mode Selection
Cool, Heat, Fan, Auto
- 3** Fan Speed Selection
*Low, Medium, High, Auto**
- 4** Main Menu
- 5** Zone Menu
- 6** Inside Conditions
- 7** Options Menu
Away Mode, Quiet Mode, Continuous Fan

**Auto fan mode only available on systems that feature Variable Fan Technology (VFT).*

NEO
CONNECT

Connect with comfort
from anywhere in the world.

Included as standard, the NEO Connect app allows you to control your ActronAir system from your mobile or tablet.
